LICENSURE/CERTIFICATION APPLICANT

SUBJECT: DATA COLLECTION REQUIREMENTS

The purpose of this letter is to inform you that you must collect and report treatment data to the Department of Alcohol and Drug Programs (ADP), if you are a licensed Narcotic Treatment Program (NTP), or other program licensed or certified by the Department of Alcohol and Drug Programs (ADP) that receives at least one dollar (\$1.00) of public alcohol or other drug treatment funding.

The California Outcomes Measurement System (CalOMS) is a statewide client/customer based data collection and outcomes measurement system for alcohol and other drug (AOD) treatment services. Counties and direct contract providers are required to collect and submit client information to ADP. Licensed NTPs, and other AOD treatment programs that receive public monies, should contact their county for detailed information regarding data collection and reporting requirements following licensure or certification.

Enclosed is additional information that provides a more detailed description of CalOMS, a data collection guide, IT requirements, etc.

Please contact the ADP Program Services Division, CalOMS Treatment Program at calomshelp@adp.ca.gov , if you have any questions regarding these requirements.
